PROPARCO
AT A GLANCE
2023

The contribution of our 2023 projects to the SDGs

In 2023, 94 new authorised projects, worth €2.3 billion,¹ will actively contribute to achieving the Sustainable Development Goals (SDGs).²

■ 2 : Zero hunger ■ 3 : Good health and well-being ■ 4 : Quality education ■ 9 : Industry, innovation and infrastructure

1. €2.682 billion in Proparco authorisations in 2023.

2. For each SDG covered by a project (a project can cover more than one SDG), the total amount authorised is calculated. The sum of the amounts allocated to each SDG is therefore greater than the total amount authorised for the 94 projects.

The impact of our projects

Supporting the local economy

1,500,000

jobs supported over 5 years

40,000

Start-ups and SMEs supported

Supporting the fight against climate change

775,000

tonnes of CO₂e avoided by 17 projects within 5 years

€1.13 billion

in climate co-benefits

Promoting gender equality

25 %

of authorised amount qualified for the 2X Challenge³ (€675M)

Reducing inequality

€198M⁴

contributing to reducing inequalities for the Bottom 40⁵

Preserving biodiversity

€103 million

in authorisations for biodiversity co-benefits

Improving access to essential services

403,000

people / businesses provided with access to microcredits

440,000

people / businesses provided with access to **electricity** (renewable energy)

7,000,000

people / businesses provided with access to **water and/or sanitation services**

³. The 2X Challenge is an initiative aimed at encouraging collective commitment and mobilising resources for projects aimed at reducing gender inequality.

⁴. This amount includes projects that make a significant contribution to enabling access to an essential service for the Bottom 40. It does not include all the projects contributing to the reduction of socioeconomic and territorial inequalities.

⁵. The Bottom 40 corresponds to the poorest 40% of a country's population.

6. Out of a total of 204 authorisations in 2023, amounting to €2.682 billion. The impact of the following financing is not included in this report: the individual guarantees provided under the ARIZ/EURIZ portfolio guarantee facility, Trade Finance guarantees, financing for technical support, "Bridge Fund by Digital Africa" financing, and the European Financing Partners (EFP) and Interact Climate Change Facility (ICCF) projects.

Monitoring our impacts 2017-2021

The 2023 impact monitoring exercise **involved 312 projects signed between 2017 and 2021, for a total amount of €5.5 billion**. This covers a total of **265** customers.

The annual monitoring exercise enables *ex ante* impact estimates to be compared with impacts observed during project implementation.

Supporting employment

105 %

of *ex ante* estimates achieved in **direct** jobs supported

Supporting the fight against climate change

06

88 %

of *ex ante* estimates achieved in avoiding tonnes of CO₂ equivalent⁷

Improving gender equality and financial inclusion

91 %

of 2X Challenge projects **maintained or improved** their qualification criteria

82 %

of *ex ante* estimates in providing access to **microcredit** in progress

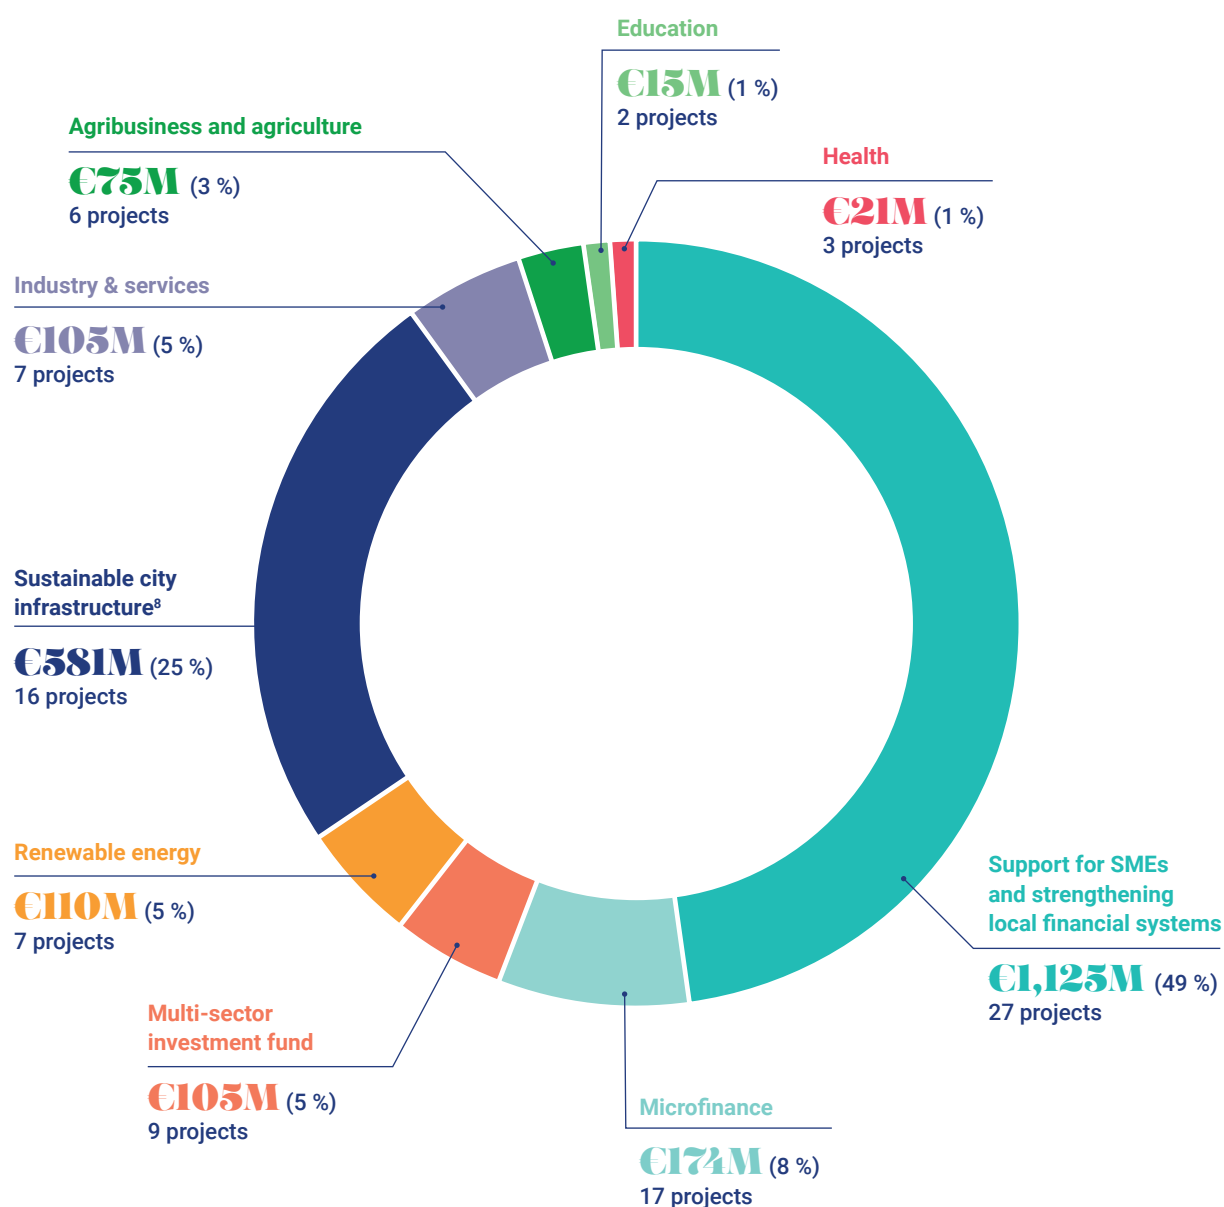

7. This figure excludes one project which has experienced an operational delay, for which the avoided emissions have not yet materialised.

Breakdown of the 94 authorisations for 2023 by sector

07

8. "Sustainable city infrastructure" projects cover the transport, water and wastewater, urban real estate and telecommunications sectors.

ABOUT PROPARCO

Proparco, a subsidiary of the Agence Française de Développement group, has been working alongside private-sector players for over 45 years, towards a fairer, more sustainable world. With an international network of 23 offices, Proparco works closely with its partners to build sustainable solutions to environmental and social challenges in Africa, the Middle East, Asia and Latin America. Proparco offers sector-specific expertise, a diverse range of financial tools adapted to the different stages of business development and a technical support service – Propulse – to leverage the impact and performance of its partners. With over 450 employees, including almost 100 in the field, and a portfolio of €6.7 billion, Proparco is one of the world's leading development finance institutions.
